

With Him

(Brett Carver)

D C G D
I see you walkin' through life, hands stretched out in the darkness,
D C G D
Never knowing which way to turn, or where you'll fall.
D C G D
I know a God of light, at his name the darkness flees.
D C G D
He will show you which way to go, and hold you in His hands.

(chorus)

G D C D
I serve the living God, His presence always with me.
G D C Am D
My life I gladly give to Him.
G D C D
His hand is always on me, His grace he freely gives.
G D C Am D G
How can I help but fall in love . . . with Him.

I see you sittin' in pain, face buried in your hands,
The weight of life pressing down, and you can hardly breath.
My God can take your cares, set you up upon your feet,
No burden in your life's to big for Him to bear.

I see you close to death, more loss that you can bear,
Crying out into the night: Should I stay or should I go?
My God's a God of healing, His touch can bring new life.
His grace can save you now, and for all eternity.
